Reasons for Allowance

Claims 1-87 are allowed.

It is noted that the closest prior art of record, Feller (U.S. Patent 6,298,326), teaches the use of an off-site data entry system for transcription, but Feller does not teach that if a service agent is not available, based on user-based parameters, whether to use automatic speech recognition to perform the service. Thus, independent claims 1, 14, 20, 26, 38, 59, 60, 70, 80 and 83 are allowable over the prior art of record because the cited prior art alone or in combination, does not fairly suggest or disclose the claimed combination of features.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement for Reasons of Allowance."
